Dr. A. G. Brage-Sir: My little child, when one month old, was attacked with Scald Head, and for two years I have employed the best medical aid in the city without any benefit. One month since its head was a solid cake or sore. I purchased one 25 cent bottle of your Mustang Liniment to cure a sore I had on my nose and upper lip, which had been so for six months - it cured it immediately. I used the remainder of the bottle on the child's head, and it is nearly cured—one bottle more will, without doubt, perfectly cure it.

CLINTON FEMALE INSTITUTE. THIS INSTITUTION will commence its first session on Monday, the 24th of January next, under the patronage of the Trustees, and Luke C. Ghaves, A. M., of Warerenton, N. C., as Principal of the Institute. The Trustees flatter themselves that, in the selection of Mr. Graves as Principal, they have accomplished more than s commonly done in the infitney of such institutions, viz: They have selected a gentleman in whom are united skill and ability undoubted, with an experience of fifteen years

in teaching. For the last four years Mr. Graves has been

engaged in the Female Seminary of Graves and Wilcox, at

Warrenton, and has taught with the most complete success.

The Trustees feel assured that their choice will be most

nighly appreciated by the former patrons and pupils of the Warrenton Institute. Mr. GRAVES is now communicating with many accomplished Females in different parts of the country, from whom a timely selection of suitable assistants will be made to aid him in conducting the various branches of learning in the Institution; which, together with Mr and Mrs. Graves, will enable us to present to the public a Faculty of Teachers in the beginning which is not to be surpassed by any Institu-

tion of the kind in the Southern States. The town of Clinton, situated as it is only 14 miles from Warsaw, and 35 miles from Fayetteville, with a daily line of four-horse stages running through the town from Fayetteville to Warsaw, render it very accessible The situation is equally remote from the very flat lands of the Atlantic coast and the mountainous regions of upper North Carolina, with a fine surrounding country, and a most salubrious climate, which together render it one of the most healthy, villages in the State.

The water in the village is generally very fine; and that at the Institution most excellent. The building itself has been most highly complimented by all who have visited our village and one very learned gentleman, (Rev. Thos. Owen,) said, "It is not only a credit to your county, but a credit to the State." It linites beauty with usefulness being large and commodits-and at the same time so constructed as to furnish one of the finest school rooms in the land; which is well warmed by four fire places, with every other convenience, both for teacher and pupil Above stairs are the finest dormitories to be found in institution, male or female, in this country. They are well ventilated, and a fine fire place in each.

The Institute is not within the sound of the village attractions, nor is it so remote as to be inconvenient-being situated in a beautiful grove, on a lot of 6 acres of land, and within the corporate limits of the town. In short, the Trustees and Stockholders have erected it for the education of their own daughters, as well as others; and they intend to spare no labor nor expense necessary to make it one of the best institutions in the whole country .-And they intend to carry out fully their original design, which was to make all preparations, facilities and conveniencies for a most complete and thorough female education. At least 60 boarders can be accommodated in the Institution, and good board may be had on reasonable terms in private families in the village, for all who prefer. The terms f board in the Institution are not fully ascertained, but we

have determined that board shall not exceed \$9 per month, including washing and lights. TERMS OF TUITION, per Session of Five Months: For all English branches, Music on Piano, Use of Instrument, Music on Accordeon. Landscape Drawing and Painting, Course of Lessons in Wax Fruit. " Flowers,

Miss ELIZA HESTER, Instructress in Female Department. THE Trustees are happy to announce that this Institu-I tion is now permanently established, and in a flourishing condition. Testimonials of the highest character warrant them in saying that the qualifications of the Teachers whom they have engaged, are such as to ensure, to all who. may patronize the institution, the advantages of systematic and thorough instruction. A large and commodious building has been effected with separate rooms, and ample accommodations for both the Male and Female Departments. A very extensive and complete Apparatus has been provided for the illustration of the different branches of Natur-

An excellent Piano is furnished for the use of Pupils in The course of study will be as extensive as in any similar

institution in the State. Pupils may here pursue all branches necessary to fit them for an advanced standing in any College in the Union.
